

## SMIDGEN DROP SHADOW

Select the **Type Tool** from the **Tools** palette. Use the **Type Tool** to draw a text box the approximate size of your desired headline. Change the font to **Smidgen Regular** and type in your desired headline. Next, select the text box and choose **Copy** in the **Edit** menu. From the same menu, select **Paste**. In the menu bar under **Object** in **Arrange** select **Send to Back**. Change the font to **Smidgen Drop Shadow** and choose your desired shadow color in the **Swatches** palette. Using the arrow tool select the top text box and set the **Smidgen Regular** to a different color using in the **Swatches** palette.
